

# Hawksworth Cleaning

We owe much of our success to our loyal staff and customers.

They say we have passion for cleaning!

Commercial contract cleaning is our only focus. So whether you're looking for commercial cleaning services in Leeds, Bradford, York, Sheffield or elsewhere in Yorkshire we can help.

As commercial cleaners we know details count.

You can't be a success in commercial cleaning if you don't care. Whether its commercial office cleaning, graffiti removal, or commercial window cleaning or providing hygiene services customers have our undivided attention.

All our customers – commercial, industrial and domestic – get the same special service. All sites have their own dedicated site managers. The result is the majority of our contracts for commercial cleaning services Yorkshire get renewed year after year.

Of course, we have fantastic staff at all levels.

We rigorously select and train staff – many of whom have been with us for more than five years. We absolutely will not use subcontractors. Here we believe in accountability. We aim to keep the same teams on individual accounts.

We use the best technology for the job!

Our commercial cleaning service Yorkshire has evolved over the years as new technology has been introduced to clean better and faster, and to clean hard to access areas.

We've embraced it all. From abseils to cradles to water fed poles and truck mounted systems. Whether you are the facilities manager for the highest building in Leeds or live in a large country house, we have the optimum commercial cleaning service Yorkshire.

Naturally all this technology requires skilled and qualified operators. We have an excellent health and safety record for all types of cleaning.

Remember, if it cleans, HCS can clean it!
